ABOUT DLM REQUIRED TEST ADMINISTRATOR TRAINING

OVERVIEW

The DLM Alternate Assessment Consortium provides required training for test administrators.

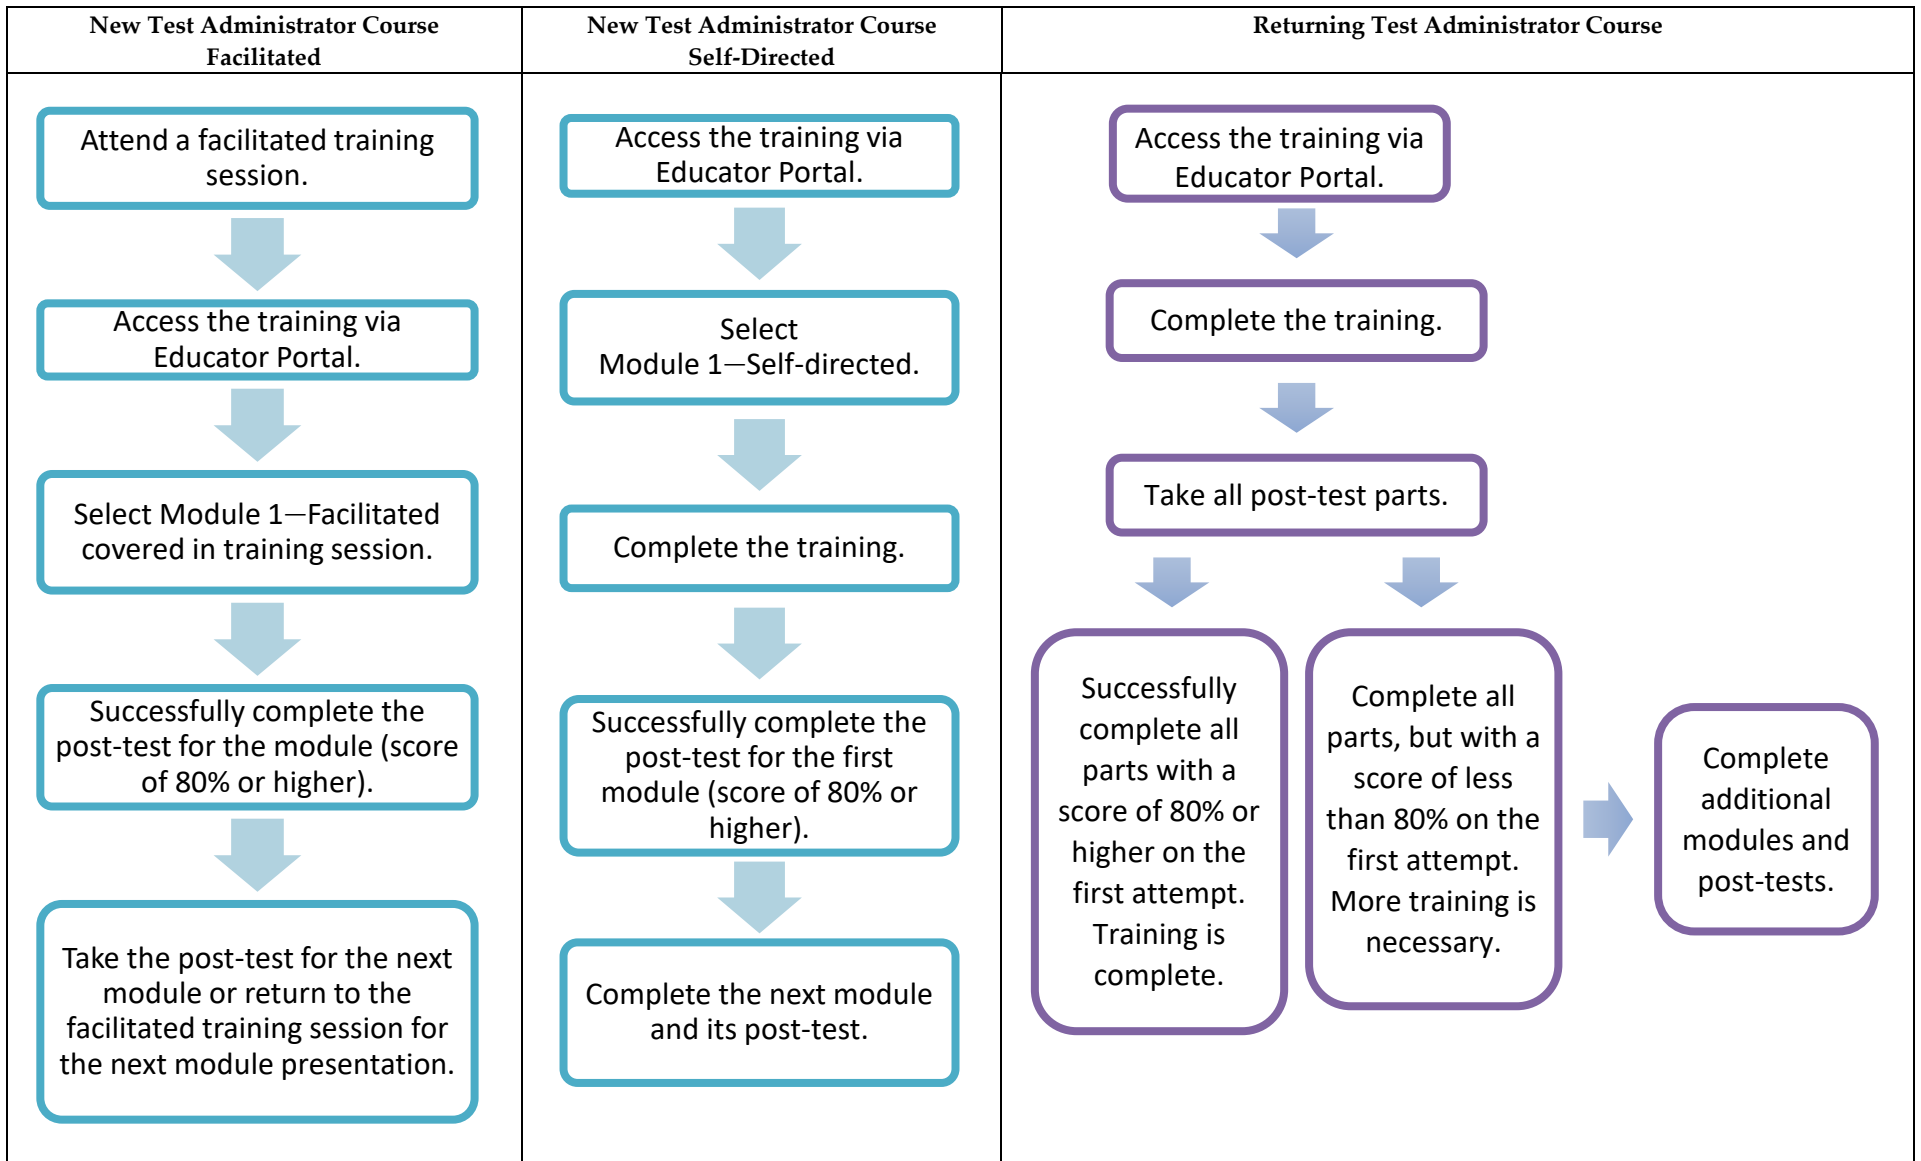

- **New for 2023–2024:** The training is accessed in Educator Portal via the Training tab.
- Each state determines when the training opens and closes.
- Training courses have been designed for test administrators who are new to the DLM alternate assessment and those who administered assessments previously (returning test administrators). Availability of differentiated training for the two groups is determined at the state level.
- The training is required for all test administrators (no access to Student Portal login information will appear in Educator Portal if the training is incomplete).
- To be registered in the training automatically, a test administrator must have only one active, up-to-date account in Educator Portal, have the Teacher role, and have their educator identifier on their account.
- Successful completion of the course requires passing all post-tests with a score of 80% or higher.

NOTE: See your assessment coordinator for a training or professional development plan that is tailored specifically to your state’s needs but falls outside of the scope of the DLM Required Test Administrator Training modules.

PROCESS FOR COMPLETING THE TEST ADMINISTRATOR COURSE

Required training for new test administrators is available in self-directed and facilitated formats, while the returning test administrator course is available only in the self-directed format. Table 3 includes the process flow and highlights the differences between the two training formats.

Table 3
The Process Flow of Self-Directed, Facilitated, and Returning Test Administrator Courses

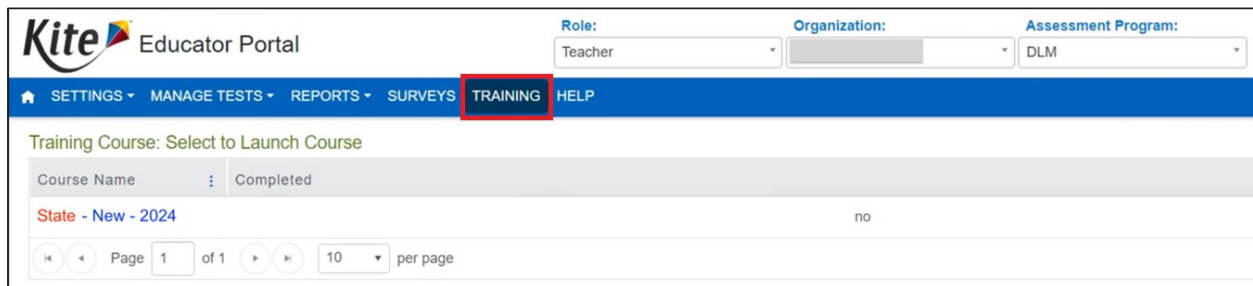

ACCESS THE TRAINING IN EDUCATOR PORTAL

Users who have an Educator Portal account and the Teacher role are automatically enrolled in the training and access the training in Educator Portal via the Training tab (Figure 1). Select the course name to launch the training.

- Each test administrator must have only one active account in Educator Portal with a correct email address and an educator identifier.
- New Educator Portal users are enrolled in the training within about 30 minutes after their accounts are activated.
- Each state determines the opening and closing dates of the training.

ABOUT THE NEW TEST ADMINISTRATOR COURSE

In the DLM Required Training for New Test Administrators course, test administrators must successfully complete four modules with a passing score on each module's post-test before beginning student assessment. Modules are available one at a time in sequential order. Trainees must pass each post-test with a score of 80% or higher to access the next module. Modules are available in the order listed below.

The total training time for new test administrators is approximately two and a half hours. The timeframe includes the videos and independently completing the post-tests. Specific time estimates for each module of the required training are provided below.

- **Module 1—Overview of the DLM Alternate Assessment System**
Approximately 30 minutes
Topics:
 1. Design of the DLM System
 2. Terminology
 3. Accessibility Supports
 4. Security Demands of the DLM System

- **Module 2—Testlets**
 Approximately 25 minutes
 Topics:
 1. Testlet Structure
 2. Item Types
 3. Computer-Delivered Testlets
 4. Teacher-Administered Testlets

- **Module 3—The Instructionally Embedded Model**
 Approximately 35 minutes
 Topics:
 1. Overview of the Instructionally Embedded Model
 2. First Contact Survey
 3. Instruction and Assessment Planner
 4. Assessment Results

- **Module 4—Becoming Familiar with DLM Resources**
 Approximately 25 minutes
 Topics:
 1. Important Resources
 2. Professional Development
 3. Test Administration Considerations
 4. Test Administrator Responsibilities

Educators in each state have access to both self-directed and facilitated training options within the training course as shown in Figure 2. Check state guidelines to determine if a specific version of the course must be completed.

Figure 2
Links to Self-Directed and Facilitated Training Within the Training Course

All four modules must be completed using the same format (either self-directed or facilitated, not a mix) and in sequential order. When first entering the course, only the first training module is visible. Each additional module becomes available after the previous module is successfully completed. Your state may incorporate additional modules to be completed after the required training is complete.

ABOUT THE REQUIRED TRAINING FOR RETURNING TEST ADMINISTRATORS COURSE

The training course for returning test administrators is designed for test administrators who completed all training requirements the previous school year. Returning test administrators must successfully complete one module with a passing score of 80% or higher on all four parts of the post-test on the first attempt. Otherwise, additional training will be required.

NOTE: State policy determines whether a state requires returning test administrators to complete the new training course or the returning training course.

In states that offer the returning training course, a returning test administrator is identified based on Educator Portal records. If a participant is a returning test administrator from the previous year and believes to have been mistakenly placed in the course for new test administrators, contact the local or state education agency.

The required training for returning test administrators takes approximately one hour to one hour and 15 minutes to complete. This timeframe includes the video and independently completing the four-part post-test.

Returning Test Administrator Training—Review of the DLM Alternate Assessment System

Participants will learn how to prepare for the DLM alternate assessment.

- Review the terminology used in the DLM Alternate Assessment System.
- Review accessibility considerations.
- Review the security demands of the DLM system.
- Review testlet structure and item types.
- Review the Instructionally Embedded model, including use of the Instruction and Assessment Planner.
- Review the assessment windows.
- Review the scoring model.
- Review important considerations about test administration practices.
- Recall that professional development opportunities are available.

If any returning test administrator training post-test section is not successfully completed on the first attempt, additional training will be required. The additional training may take an additional 30 minutes to four hours, depending on the areas in which the test administrator was not successful on the first attempt.

SUCCESSFUL COMPLETION OF TRAINING REQUIREMENTS

All training requirements must be complete before the test administrator will have access to the student's Student Portal login information.

- Attend a facilitated training or take the self-directed training in Educator Portal.
- Complete each post-test with a score of 80% or higher.
- All post-tests must be successfully completed for the entire training course to be complete.
- Print or save the completion certificate. (Note that the certificate must be selected for the training course to be registered as complete.)
- Some states include additional training components (optional or required as indicated).
- Wait 30 minutes after selecting the completion certificate before attempting to access student information in Educator Portal (assuming students have been enrolled and rostered).

COMPLETE A FACILITATED COURSE

To complete a facilitated module, first attend a training session (if offered by your state). Then, follow the steps below to access the post-test. Directions for post-tests are in the section Take a Post-test on page 13 of this guide.

1. Log in to Educator Portal, select the Training tab, and launch the training course as shown on page 6.
2. A welcome message appears with links to self-directed and facilitated modules. Choose the facilitated format.

HINT: Only one module will be available. As each module is successfully completed, the next becomes available. Successful completion means passing the post-test with a score of 80% or higher.

3. Respond to the three items that appear before starting the post-test.
 - Certification that you attended a facilitated session (answer = true)
 - Date of facilitated training session
 - Location of facilitated training session

NOTE: These questions are not scored, but the results are shared with your state education agency staff.

COMPLETE A SELF-DIRECTED COURSE

This procedure applies to the self-directed modules. To complete the self-directed course, view the Module 1 recorded training online, then go to Take a Post-test on page 13 of this guide.

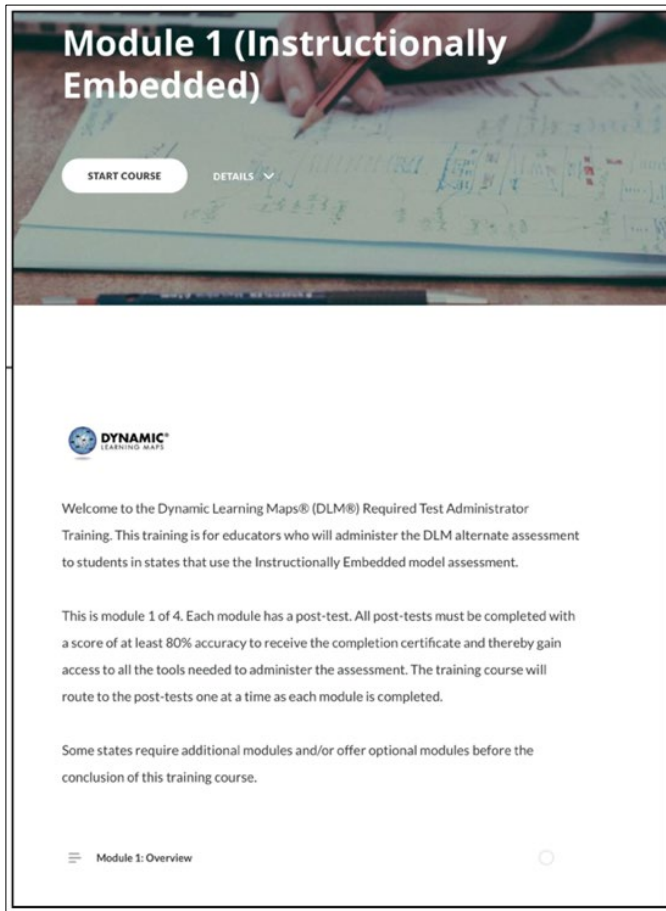

1. Log in to Educator Portal, select the Training tab, then launch the training as shown on page 6.
2. A welcome message appears with links to self-directed and facilitated modules. Choose the self-directed format.

The screenshot shows a web interface for required training. At the top, there is a dropdown menu for "Required Training for DLM Test Administrators" and a "Collapse all" link. Below this is a welcome message: "Welcome to required training for DLM test administrators!" followed by a paragraph explaining the course is for test administrators and that all modules must be completed successfully. A link to a "Guide to Required Training" is provided. The main section is titled "Module 1: Overview of the Dynamic Learning Maps Alternate Assessment System" and includes instructions on choosing between SELF-DIRECTED and FACILITATED options. Two buttons are visible: "Module 1 - Self-Directed" (highlighted with a red box) and "Module 1 - Facilitated". To the right of each button is a "To do: View" link. Below the "Module 1 - Facilitated" button, there are two "To do" items: "To do: Receive a grade" and "To do: Receive a passing grade".

HINT: Only one module will be available. As each module is successfully completed, the next becomes available. Successful completion means passing the post-test with a score of 80% or higher.

3. Read the welcome message then select the **START COURSE** button near the top of the screen or select **Module 1: Overview** below the welcome message. As you navigate through the module, you will have the opportunity to download an optional note-taking guide to use during the video presentation. The answers to the note-taking guide are provided after the video. You can also download the video's slides and transcript within the module. An optional process activity to check your understanding of the information presented is provided near the end of the module.

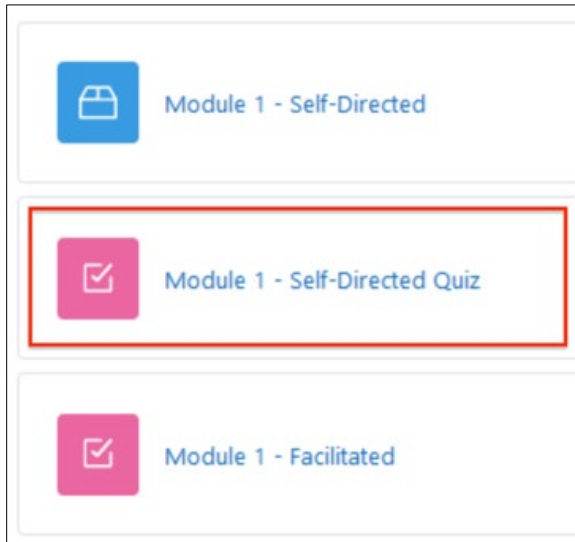

4. Follow the onscreen instructions to complete the module.

HINT: The PDF resources offered in each module are optional but may be useful to reference when preparing for the assessment administration. Read all information in each module, review the videos, and select the **Continue** button to navigate through each part of the modules. The optional activity after each video is not scored, and correct answers are shown after you submit your attempt. **These activities are not the modules' post-tests.**

5. You will be prompted to click **Exit Activity** at the end of the module, which will return you to your Courses page. You can also use the breadcrumb navigation (shown below) to select the course name and then access the module's post-test.
