Introduction

In this document, the term “blueprint” refers to the required tested Essential Elements (EEs) and coverage within each conceptual area of the DLM Alternate Assessment. **The blueprint must be met in the Fall Window Window and the Spring Window Window.** Teachers are encouraged to select the same EEs for both windows. Teachers are required to teach and assess the required number of EEs during both assessment windows. Teachers may use this progress-monitoring document to record the Essential Elements chosen for instruction for a student. EEs are organized by grade and conceptual area.

Major Claims and Conceptual Areas in Mathematics

Major Claim: Students demonstrate increasingly complex understanding of number sense.

Conceptual Area:

- M.C1.1** Understand number structures (counting, place value, fraction).

DLM Familiar Texts

<https://dynamiclearningmaps.org/instructional-resources-ie>

This page links to the Instructional Resources for IE model states. Teachers can select Familiar Text or Currently Tested Essential Elements for ELA. The mini-maps for each EE contain Instructional Resources with links to the DLM Familiar Texts for each linkage level. The Familiar Text link goes to all familiar text and can be selected by grade. In the Dynamic Learning Maps® (DLM®) alternate assessment, students with the most complex needs are given the opportunity to become familiar with the books they will encounter in the assessment. These familiar texts are used in all Initial Precursor testlets and in some other linkage levels for some EEs. Unfamiliar texts are used in some linkage levels for some EEs where access to the text prior to administration is not necessary for the student to demonstrate their understanding. Descriptions of the texts and their features are provided for each Essential Element and linkage level by selecting about grade familiar texts. Educators are encouraged to use this information as a resource for planning instruction.

Exemplar Text Supports

<https://www.dlmpd.com/exemplar-text-supports/>

This page contains materials that link directly to the grade level content, but are written at a level that is accessible.

Major Claims and Conceptual Areas in English Language Arts (ELA)

Major Claim: Students can comprehend text in increasingly complex ways.

Conceptual Area:

- ELA.C1.1** Determine critical elements of text.
- ELA.C1.2** Construct understandings of text.
